Subject MR. BORIS THARMAT - Caucasian immigrant - RESIDENT OF PATERSON SINCE 1951.

Dear Sir,

On or about 1-IV-1959 I was asked by above mentioned to go with him to Immigration and Naturalization office in Paterson, N.J. to act as an interpreter for him.

Next day I learned from him during my translation, that he is going back to Soviet Russia, and that he is corresponding with Soviet Embassy for last four, five months and an official of Soviet Embassy by Name Karclashev-Rapgarev requested from him to get a waiver from American Authorities for his four year old daughter Farizat, she was born here.

It is necessary to underline that this man speaks fairly well Russian but he hardly signs, so it is very interesting to learn who exactly writes letters to the Embassy or was everything arranged by meeting personally them, I know positively that he never went to Washington DC.

I was able to learn from him that he decided to go home in order to unite with his son 2 daughter and wife, of course without giving him chance to understand that I was interested in his affair.

Certainly it is very bad as far as Caucassian Group is concerned that he goes home, as he is very well informed about our community activities and he knows all members well enough to describe them such as who

is geek and strong in every respect.

He was one of the well outspoken anti-Communist elements until six months ago. Since six months ago he never participated in any Organizational meetings nor attended them or if he attended them he never spoke a word. His movements were only praying together with them on Sundays.

It will be almost important if we were able to learn who was his confidence during last six months.

I did informed Mr. Reed of Local F.B.I Office about him and asked him if they could be any help in finding out if there was any who was helping him in this matter in Paterson, as we maybe careful in future.

Sincerely Yours
Ignatius Lodzinski
